Ambassador, Head of the Mission of Ukraine to the European Union

№ 3111/31-117-890

Brussels, 16 April 2019

Dear friends,

Dear Members of the European Parliament,

Dear friends of Ukraine,

Two month ago you have kindly agreed to sign a collective letter of support to Ukrainian political prisoner, illegally convicted by Russia, journalist Roman Sushchenko on the occasion of his birthday.

The Mission of Ukraine to the EU is grateful for your joining to this initiative as well as your sustainable efforts of keeping attention in the European Parliament to the situation with Ukrainian political prisoners of the Kremlin and permanently demanding from Russia their immediate and unconditional release.

Herewith, I am honoured to convey you the response of Mr.Sushchenko to your letter, sent by him from the place of his illegal imprisonment in Russia.

The Mission of Ukraine to the European Union relies on your continuous support within the international efforts to liberate all Ukrainian citizens, who are illegally persecuted by Russia.

Availing myself of this opportunity, please, accept the assurances of my highest consideration.

Enclosure: the letter and its unofficial translation on 2 pages, as mentioned.

Yours sincerely,

Mykola TOCHYTSKYI

EUROPEAN PARLIAMENT

Brussels

**Dear and highly respected Members of the European Parliament
Mark Demesmaeker, Eduard Kukan, Charles Tannock, Michal Boni,
Rebecca Harms, Julie Ward and Anna Fotyga!**

I am deeply touched by your congratulations and sincere wishes. Thank you for this. This might look trivial but let me assure you: your words have special look, sound and weight for me! The great Bernard Shaw considers that triviality is nothing else but fatigued truth. It is not difficult to agree on that with him.

Respectfully and with restraint optimism,

Roman Sushchenko
